it is time to take away this form allowing endless staying in america when they have already been told to go home to their own country. this allowance of all these millions upon millions of foreigners being here in america, some making trouble for all american citizens, means that we are sick of all these foreigners here. we want them to go home. we are sick of them being here and the whiners that they are. they dont belong here. we dont want them here. polls shows 76% of american want all these foreigners out of here. so why is our corrupt govt bowing to the platform owners and billionaires to get slaves to work here so that american workers can not get jobs. this depraved assault on american workers is sickening and disgusting. this assault on american workers by letting billions of foreigners come here to be slave workers so that americans cant get a decent salary to work here is unconscionable. send them all home. no appeals. we dont have to give appeal after appeal after appeal so they never go home. i believe this form should be cancelled totally.
