its time to shut down appeals and motions for illegal immigrarnts and those who are displeased with actions when they attempt to join this country. it is well past time to stop our american citizens being bankrupted to pay for all these illegal having more rights than americans. they are geting free legal advise which is not availabel to any american who has been denied rights. we dont get tha so why shoudl it be provided for ilegal immigrants. we need to tell our attorneys that american citizens havefirst rights to their help and not illegal foreigners who want to come in here so they can become the biggest whiners in the universe. its time to shut the door on these illegal imigrants. its time to take all alleged "rights" from them. let them stay in their own countries and fix them. all they do is come here and imemdiately become the biggest whiniers in the universe. if they wan tto whine let them whine in their own country. we are absolutely and ottally sick of it and them. we dnt n eed htem here. we dont want them here. polls show 76% of americans want all of these foreigners out of here. and not to want more to come in. so why is our govt working against \what the american people want. is it becaus eof the money and riches and bribery of silicon valley and rich corporations who want working slaves in america. weknow the people of america have th erigh tto speak up against these rich corporations and their actions whereas foreign slaves will work and say nothing. so we have an entire american society shut down and foreign slaves brought in to take away our liberties as american citizens. they want us shut up because we demand more from these rich corpoirations. we want a govt tha works for all of us and stops worknig onlyu for rich corporations and silicon valley dictators. we want this changed. we dont need foreigners here any more. we have more than 30 million of them here in the last 5 years.
