## General Comment

M1410 Respiratory Treatments-If BiPAP is not going to be included can you please specify that it is NOT included?

M1830 Bathing--Why is "2b) to get in and out of the shower or tub" included if tasks related to transferring in and out of the tub or shower are evaluated and scored when responding to Transferring and are not considered part of the bathing tasks. This is per Best Practice Tool of the Month November 2008 from Home Health Outcomes.
