i tink this entire program is a big bust and propaganda to lie to the american people. you dont ever follow up with these people to see if they are in fact being supported by their alleged sponsors. you are as lax with this as every other american welfare program and they come here with the supposed intent of being supported by their alleged fake sponsors and the sponsors instead put the on welfare programs so that they look like citizens. the american people are sick of being lied to by their own programs that lie to them. we want this program shut down because in no way is it in fact following up to see tha tthe requirement sof the program are being met in any way shape or form. ti is an illjusion that allows millions of foreigners to come here and immediately get on welfare where american working people have to pay taxes 2 and 3 times higher to pay for these foreign leaches. this is a fake program and needs totoal shut down. no budget for this program anymore and shut down this lie tot eh american people
