this program needs to be closed down. it allows rich people to buy their way into america because they allegedly make jobs. the jobs they make do not employ americans. they just lead to these foerigners bringing in hundreds more foeigners to work for cheap wages for these rich men but in america. this does not help america or american citizens one bit. in fact it hurts america and american citizens. this program needs shut down. i do not approve of this project . it is disgusting.it is an unamerican program entirely. shut it down
