## General Comment

Good morning,

In the recently released 60 day Data Validation Audit comment period, the referenced Appendix B Crosswalk for DUR Reporting under the CY2022 DV (2021 Reporting Requirements) has a few sections listed as N/A deleted however in the 2021 Record File Layout it does not show as an N/A but rather a different element than what was listed in 2020.

Please confirm is the N/A not required for the data validation audit but remains required for the Part D Reporting?

Thank you,
