Sarah,

Thank you for responding to the Federal Register Notice for the Petroleum Marketing Program. EIA appreciates your input and support of our proposal to expand collection of residential heating fuel prices on the EIA-877 survey during the off-season months. We also value the suggestion to clarify that many factors may affect residential propane prices.

Again, thank you for your support of EIA and our data collection efforts.

To Ms. Heppner,

Please find attached a comment on behalf of the National Propane Gas Association regarding the Agency Information Collection Extension, specifically Form-EIA-877 Winter Heating Fuels Telephone Survey.

Please don't hesitate to contact us with any additional questions or comments.

Thank you,
Sarah
