

Attachment 11. Research Determination Memorandum

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Public Health Service

Centers for Disease Control
and Prevention (CDC)
Atlanta GA 30333

Memorandum

Date: September 9, 2021

From: Marion W. Carter, PhD
Associate Director for Science
Division of Scientific Education and Professional Development
Center for Surveillance, Epidemiology and Laboratory Services
Office of Public Health Scientific Services

Subject: ICR OMB 0920-0017 Application For Training
2021 Request for Revision
Research Determination

To: Jeffrey M. Zirger, PhD
Acting Chief, Information Collection Review Office
Office of Scientific Integrity
Office of the Associate Director for Science
Office of the Director

Based on the description and justification for the **Application for Training** activities, and the definition of research defined by Federal Policy for the Protection of Human Subjects (45 CFR 46), the request to collect and manage the accreditation process for educational developers (health educators) and to conduct post-training evaluation with public health and health care professionals seeking continuing education and other online training, is not considered human subjects research, and therefore does not require IRB review or approval. This determination is reinforced in the determination documented in STARS, under accession number CSELS-BMA-4/7/21-edd10.

If questions exist regarding the nonresearch determination or need for IRB review, please contact me at 404-639-8035 or acq0@cdc.gov.
