8. Do you find the Task Assignment Browser to filter task assignments across a site or by person helpful?

○ Not Helpful

○ A little helpful

○ Generally helpful

○ Very helpful

○ Do not use

9. Do you find the DTL Help Topics and other reference materials helpful for completing the DTL and providing useful information?

○ Not Helpful

○ A little helpful

○ Generally helpful

○ Very helpful

○ Do not use

10. When considering the possibility of a Universal or Common Site DTL, how do you envision it would work?

○ Apply a DTL template across all studies at a site (e.g., a single template for a site)

○ Apply a DTL template across a site and program (e.g., a single template for the NCTN studies at a site)

○ Apply templates by site and disease area (e.g., a template for all breast studies at a site)

○ Apply templates by a program (e.g., a template for an NCORP, LAPS, or Main Member and all child sites)

○ Allow the site or program to customize templates

○ A Universal or Common Site DTL would not be useful for my site

11. Please provide any additional feedback
