PROGRAMMER NOTES:

- Most screens will have both a 'Next' and 'Previous' button so the respondent can go forward and back
- Values should be maintained as the respondent navigates forward and backward (unless the respondent changes a response)
 - o If the new response drives a skip pattern, then any data "forward" of that point would be set to null to accommodate the new skip pattern
- Numeric values are provided where applicable in blue – the respondents will see radio buttons (or similar)
- Unless there are programmer notes to disallow, all questions can be left missing

IF ONLY ONE ELIGIBLE YOUTH WITH A LINKED PARENT: We would like to invite HHROSTER_NAME_Y# to participate in the National Survey of Crime and Safety and will reach out to their parent/guardian about the study.

ELSE IF MORE THAN ONE ELIGIBLE YOUTH WITH A LINKED PARENT: We would like to invite HHROSTER_NAME_Y# for all eligible youth names linked to a household adult to participate in the National Survey of Crime and Safety and will reach out to their parent/guardian about the study.

SCENARIO 2: ADULT 1 IS PARENT TO ALL ELIGIBLE CHILDREN

We would like to ask for your permission to include {List names of all eligible youth who have a linked parent - use commas and/or "and" as needed} in this study. What we learn from your household's { NUMINHH_YOUTH=1: child / NUMINHH_YOUTH>1: children} and others in the study may help your community and millions of Americans to be safer, and may help local police do a better job in communities like yours.

SCENARIO 3: ADULT 1 IS PARENT TO SOME ELIGIBLE CHILDREN

We would like to ask for your permission to include {List names of all eligible youth who have a linked parent - use commas and/or "and" as needed} to be a part of this study. What we learn from your household's { NUMINHH_YOUTH=1: child / NUMINHH_YOUTH>1: children} and others in the study may help your community and millions of Americans to be safer, and may help local police do a better job in communities like yours.

The parent(s)/guardian(s) of {list of non-HHR's kids} will be asked for their permission when they are invited to complete the NSCS.

SCENARIO 2 AND 3:

Your { IF HHR HAS 1 LINKED KID: child / IF HHR HAS 2+ LINKED KIDS: children} will be asked many of the same questions that adults are being asked. We will begin by asking their opinions about things such as community safety or the local police. Then we will ask whether your { HHR HAS 1 LINKED KID: child has / HHR HAS 2+ LINKED KIDS: children have} been a victim of different types of crimes in the last 12 months. If your { HHR HAS 1 LINKED KID: child has / HHR HAS 2+ LINKED KIDS: children have} been a victim, we will ask details about the experience.

The survey takes between 15 and 35 minutes for your { HHR HAS 1 LINKED KID: child / HHR HAS 2+ LINKED KIDS: children} to complete, depending on your { HHR HAS 1 LINKED KID: child's / HHR HAS 2+ LINKED KIDS: children's} experiences.

SCREEN: CPC_INTRO2

As the parent/guardian of {LIST ALL YOUTH NAMES WHERE THE HHR IS THE PARENT/GUARDIAN – use commas and/or “and” as needed} we are asking for your permission to allow us to ask your {IF ADULT1 ASSOC W ONE CHILD: child / {ELSE IF ADULT1 ASSOC W 2+ CHILDREN: children} to participate. If you agree, we will ask your {IF ADULT1 ASSOC W ONE CHILD: child / {ELSE IF ADULT1 ASSOC W 2+ CHILDREN: children} if they would like to participate in the survey. They can say no.

The survey is voluntary. It is entirely up to you whether we ask your {IF ADULT1 ASSOC W ONE CHILD: child / ELSE IF ADULT1 ASSOC W 2+ CHILDREN: children} to participate, and then it is up to your {IF ADULT1 ASSOC W ONE CHILD: child / ELSE IF ADULT1 ASSOC W 2+ CHILDREN: children} – your {IF ADULT1 ASSOC W ONE CHILD: child does not / ELSE IF ADULT1 ASSOC W 2+ CHILDREN: children do not} have to do this and they can stop answering questions at any point.

There are no direct benefits for you or your {IF ADULT1 ASSOC W ONE CHILD: child / ELSE IF ADULT1 ASSOC W 2+ CHILDREN: children} by participating in the study, but information from the study may benefit your community and the Nation by improving programs that focus on community safety or policing.

Children who have experienced a recent victimization may find some questions upsetting. Again, they can skip any question they do not want to answer. Also, if you change your mind, you can always contact Westat and let us know.

Do we have your permission to invite {NAME# OF YOUTH ASSOCIATED W ADULT1} to participate in the survey?

- 1 ☐ Yes
- 2 ☐ No

PROGRAMMER NOTES FOR CPC1_Y#:

- Include a next button and a previous button for navigation
- Y# is based on the order that the youth was added to the roster matrix
 - For example, if there are two kids in the roster. And the first youth is the child of Adult 2 and the second youth is the child of Adult 1, then the variable name to use here would be CPC1_Y2 (to indicate Youth #2).
 - In this Roster survey, we are ONLY asking Adult 1 for parent permission (the other adults will be asked for their permission later, in a different survey).
- ROUTING:
 - IF CPC1_Y# = 1, GO TO MAIL_Y#
 - ELSE IF CPC1_Y# not eq 1, then do:
 - If there is another youth associated with Adult 1, loop back and ask CPC1_Y# for that youth
 - Else if no more youth associated with Adult 1, go to CLOSING
