Reply-To:

I have two requests and a question. The request is for GSA to add the link to the CDP climate change questionnaire in the supporting statement. I believe it

is <https://guidance.cdp.net/en/tags?cid=18&ctype=theme&gettags=0&idtype=ThemeID&incchild=1&mcrosite=0&otype=Questionnaire&page=1&tgprompt=TG-124%2CTG-127%2CTG-125>

The second request and a question: Section 16 indicates that GSA plans to publish the summaries of public responses. I ask that GSA give more information regarding the nature of the summaries -- that is, if they will summarize each company's response or if they will provide an aggregated summary across all public responses. As GSA has collected the CDP questionnaires for several years, are summaries of previous responses publicly available now on the GSA website?

Thanks,

Andrew
