

10th Annual Symposium on Global Cancer Research: Participant Satisfaction Survey

Thank you for your participation in the 10th Annual Symposium on Global Cancer Research, "New Models for Global Cancer Research, Training, and Control". The Scientific Steering Committee is seeking input on whether we achieved the Symposium's core objectives and ideas to improve future Symposia. The objectives of this two-day virtual Symposium on Global Cancer Research were to: (1) convene individuals working in global oncology in a working meeting environment to discuss trends in global cancer research and control, and (2) map out collaborative efforts to move the field forward. This survey is voluntary, anonymous, and should take approximately 5 minutes of your time.

Thank you,
ASGCR 2022 Scientific Steering Committee
