Address: United States,

General Comment

I have filled out both SSI and SSDI applications for myself and others. In all of those cases it took between 3 and 6 hours bare minimum. Your estimate of one hour is a joke. The forms ask for so much data that must be looked up and referenced; there is no way an actual disabled person could have few enough items to add to take only one hour. I am also, I might add, college educated with high IQ.
