TITLE OF INFORMATION COLLECTION: VBA Outreach, Transition, and Economic Development (OTED) Survey

PURPOSE

The Veterans Benefits Administration (VBA) is responsible for providing and/or managing a wide array of services to Veterans and their family members. One such responsibility is to support a successful transition from military to civilian life. Outreach, Transition, and Economic Development (OTED) supports the mission by helping service members and their families navigate VA benefits and services, use partner services, and get the support they need. OTED helps service members achieve and sustain their career goals, find economic success, and maintain their physical and mental well-being there their military life-cycle.

OTED currently does not have a standardized ability to capture and use customer feedback from there outreach events. The Veterans Experience Office (VEO) in partnership with VBA OTED will leverage VSignals to collect feedback through a short, low burden customer service survey delivered as a URL for distribution to event attendees. OTED will use the customer experience data to identify actionable insights that will improve current processes and better meet the needs of outreach event attendees.

DESCRIPTION OF RESPONDENTS:

The survey will be offered to participants that attend OTED sponsored outreach events. Participants will be provided a URL link or QR code on a physically distributed card for in-person events. For virtual events, a URL link and/or QR code will be provided in a text box area.
