thuis form must be discontinued. If a foreign scum is deported from this country, there is absolutely no reason why they should be able to come back in to creatre more chaos. they are better off in their own land. this country does not need immigrants. we have tens of millions of them here already. we can pick and choose and there is no reason we need criminal scum to ask to come back here and have to pay for that service for those criminal scjum. this agency is really not represnting the citizenry of this country at all in even having such a form. It is the worst kind of form of stupidity to allow this
