Comment from Jackson, Carla, Dayton Area Campus--National College

Submitter Information

Name: Carla Nichole Jackson

Address:

917 Huron Ave
Dayton, OH, 45402

Organization: Dayton Area Campus--National College

General Comment

I believe that it is important for a company or even a certain organization to collect a certain amount of paperwork and information. Without obtaining certain information, somethings that are vital to the company or agency said person is applying to may be left out. If this happens then somethings that are important may become a important factor and set delay the entire process.
