Danny

Please review this generic request for the applicability of the Privacy Act. There is not collecting PII. Pleas send me an email with your determination, this is a generic request and I need to send it forward before Tuesday.

Thanks in advance for your support.

Subject: For review: Draft HEADS UP Parents Messaging OMB package (project order #10667)

Hi HEADS UP Parents Messaging team!

We have prepared the draft OMB package for the base year audience research focus groups. This includes the following documents:

- **HU Parents Messaging OMB Generic:**
 - main form with all attachments (FGD guide with updates based on Julie's feedback, consent, recruitment language and updated graphic, screening form, and focus group invitation text
 - there are two parts that need to be completed by CDC--for other Injury Center projects, Karen Angel has completed these:
 - p. 3: Name under certification
 - p.4: Cost to the Federal government
- **HU Parents Messaging OMB Generic Part 2:** We've seen this included in other packages--weren't sure if it was needed in this case, but are providing in case it's helpful.

We have not included a Privacy Impact form, as our impression is that that is completed on the CDC side. If we need to submit it, just let us know.

NOTE: The package is not yet ready to submit into OMB clearance, since we are waiting for any additional feedback from STARS clearance before getting Spanish translations and submitting to IRB (and, STARS determination may drive whether IRB is needed--we can discuss further tomorrow). We just wanted to begin the process of review by y'all and the Injury Center OMB contacts so we can keep things moving forward and hopefully get the final package submitted and cleared as quickly as possible.

Thanks!

Janice
