

## FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

### ACRYLONITRILE-BUTADIENE RUBBER (NBR) FROM FRANCE, MEXICO, AND SOUTH KOREA

This questionnaire must be received by the Commission by **April 1, 2022**

*See last page for filing instructions.*

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigations concerning acrylonitrile-butadiene rubber ("NBR") from France, Mexico, and South Korea (Inv. Nos. 731-TA-1567-1569 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

Name of firm \_\_\_\_\_

Address \_\_\_\_\_

#### CERTIFICATION

*I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this proceeding in any other import-injury proceedings conducted by the Commission on the same or similar merchandise.*

*I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceedings may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements.*

**PART I.—GENERAL INFORMATION**

**Background.**--This proceeding was instituted in response to a petition filed on June 30, 2021, by Zeon Chemicals L.P. and Zeon GP, LLC (collectively “Zeon”), Louisville, Kentucky. Antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce (“Commerce”) makes an affirmative determination of dumping. Questionnaires and other information pertinent to this proceeding are available at [https://www.usitc.gov/investigations/701731/2022/acrylonitrile butadiene rubber france korea and/ final.htm](https://www.usitc.gov/investigations/701731/2022/acrylonitrile%20butadiene%20rubber%20france%20korea%20and%20final.htm)

**Acrylonitrile-butadiene rubber (“NBR”)** covered by these investigations is commonly referred to as acrylonitrile butadiene rubber or nitrile rubber (NBR). NBR is a synthetic rubber produced by the emulsion polymerization of butadiene and acrylonitrile with or without the incorporation of a third component selected from methacrylic acid or isoprene. This scope covers NBR in solid or nonaqueous liquid form. The scope also includes carboxylated NBR.

Excluded from the scope of this investigation is NBR in latex form (classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 4002.51.00). Latex NBR is commonly either (a) acrylonitrile/ butadiene polymer in latex form or (b) acrylonitrile/butadiene/ methacrylic acid polymer in latex form. The broader definition of latex refers to a water emulsion of a synthetic rubber obtained by polymerization.

Also excluded from the scope of this investigation is: (a) NBR containing additives incorporated during the compounding, mixing, molding, or use of NBR comprising greater than twenty percent of the total weight of the product. Additives would include, but are not limited to, fillers (e.g., carbon black, silica, clay); reinforcement agents (e.g., fibers, carbon black, silica); vulcanization agents (e.g., sulfur, sulfur complexes, peroxide); or NBR containing extension oils making up greater than forty percent of the total weight of the product. Such products would be generally classified under HTSUS subheading 4005; (b) NBR containing polyvinyl chloride (PVC) making up greater than twenty percent of total weight of the product; (c) hydrogenated NBR (commonly referred to as NBR) produced by subsequent dissolution and hydrogenation of NBR; and (d) reactive liquid polymers containing acrylonitrile and butadiene with amine, epoxy, carboxyl or methacrylate vinyl chemical functionality.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise processed in a third country, including by modifying physical form or packaging with another product, or performing any other finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the NBR.

NBR is currently classified in subheading 4002.59.00 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

**HNBR.**—HNBR stands for “hydrogenated NBR” and is a product that is produced using NBR as a raw material input through a dissolution and hydrogenation production process. This product is ***not*** part of the definition of NBR, and as such, data for HNBR should ***not*** be included in any of the data tables in this questionnaire.

**NIBR.**—NIBR stands for “acrylonitrile-isoprene-butadiene rubber” and is produced by incorporating isoprene during the production (polymerization) process of NBR. This product is included in the definition of NBR, and as such, data for NIBR should be included within all the data tables requesting information on NBR in this questionnaire.

**XNBR.**—XNBR stands for “carboxylated NBR” and is produced by incorporating methacrylic acid during the production (polymerization) process of NBR. This product is included in the definition of NBR, and as such, data for XNBR should be included within all the data tables requesting information on NBR in this questionnaire.

**Reporting of information.**--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

**Confidentiality.**--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (*see* 19 U.S.C. §1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

**Verification.**--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information.**--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

**Valid number error messages.**--If you are completing this form in a country that uses periods (“.”) to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Kristina Lara (202-205-3386, [Kristina.Lara@usitc.gov](mailto:Kristina.Lara@usitc.gov)).

- I-1. **OMB statistics.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 20 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

- I-2. **Establishments covered.**--Provide the name and address of establishment(s) covered by this questionnaire.

**"Establishment"**--Each facility of a firm in France, Mexico, or South Korea involved in the production or export of NBR, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities. Firms operating more than one establishment in France, Mexico, or South Korea should combine the data for all establishments into a single report.

--

- I-3. **Related producers.**--Does your firm or any related firm produce, have the capability to produce, or have any plans to produce NBR in the United States or other countries?

No	Yes	If yes, please name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission's producer questionnaire.

- II-2b. **COVID-19 pandemic.**—Since January 1, 2020, has the COVID-19 pandemic or have any government actions taken to contain the spread of the COVID-19 virus resulted in changes in your firm's supply chain arrangements, production, and shipments (including exports to the United States) relating to NBR?

No	Yes	If yes, describe these changes including a separate discussion of the (a) supply chain impact, (b) production and sales (including exports to the United States) impact of the COVID-19 pandemic for the specified periods. Include in this discussion an indication of the timing and duration of the impacts and whether and how your firm has adapted to these impacts.

- II-2c. **Anticipated changes in operations.**—Does your firm anticipate any changes in the character of its operations or organization (as noted above) relating to the production of NBR in the future?

No	Yes	If yes, supply details as to the time, nature, and significance of such changes and provide underlying assumptions.
<input type="checkbox"/>	<input type="checkbox"/>	

- II-3a. **Production using same machinery.**--Please report your firm's production of products using the same equipment, machinery, or employees as used to produce NBR, and the combined production capacity on this shared equipment, machinery, or employees in the periods indicated.

**"Overall production capacity" or "capacity"** --The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

Note.--If your firm does not produce any out-of-scope merchandise on the same machinery and equipment as scope merchandise then the "overall production capacity" numbers reported in this question should be exactly equal to the "average production capacity" numbers reported in question II-8. If, however, your firm does produce out-of-scope merchandise using the same machinery and equipment as scope merchandise, then the "average production capacity" reported in question II-8 should exclude the portion of "overall production capacity" that was used to produce this out-of-scope merchandise.

**"Production"** --All production in your establishment(s) in France, Mexico, or South Korea including production consumed internally within your firm.

<sup>1</sup> Data reported for capacity (first line) should be greater than data reported for total production (last line). <sup>2</sup> Data entered for production of NBR will populate here once reported in question II-8. <sup>3</sup> Only report latex NBR production that was <b>not</b> used as an input to produce in-scope product. <sup>4</sup> Please identify these products: _____.			

- II-3b. **Operating parameters.**--The production capacity reported in II-3a is based on the following operating parameters:

Hours per week	Weeks per year

- II-3c. **Capacity calculation.**--Please describe the methodology used to calculate overall production capacity reported in II-3a, and explain any changes in reported capacity.

--

- II-3d. **Production constraints.**--Please describe the constraint(s) that set the limit(s) on your firm's production capacity.

--

II-4. **Product shifting.**—

- (a). Is your firm able to switch production (capacity) between NBR and other products using the same equipment and/or labor?

No	Yes	If yes—(i.e., have produced other products or are able to produce other products) Please identify other actual or potential products.
<input type="checkbox"/>	<input type="checkbox"/>	

- (b). Please describe the factors that affect your firm's ability to shift production capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

--

- II-5. **Share of sales.**--What percentage of your firm's total sales in its most recent fiscal year was represented by sales of NBR? \_\_\_\_\_ percent.

- II-6a. **Firm's estimated share of production in France, Mexico or South Korea.**--Please estimate the percentage of total production of NBR in the country specified on the certification page accounted for by your firm's production in 2021. \_\_\_\_\_ percent.

- II-6b. **Firm's estimated share of country's exports.**--Please estimate the percentage of total exports to the United States of NBR from the country specified on the certification page accounted for by your firm's exports in 2021. \_\_\_\_\_ percent.

- II-7. **Third country trade actions.**--Is the NBR exported by your firm subject to antidumping/countervailing duty/safeguard findings, remedies, or proceedings?

No	Yes	If yes--List the products(s), countries affected, and the date of such findings/remedies/proceedings.
<input type="checkbox"/>	<input type="checkbox"/>	

- II-8. **Trade data.**--Report your firm's production capacity, production, shipments, and inventories related to the production of NBR in your establishment(s) in France, Mexico, or South Korea during the specified periods. Do not include resales of NBR that your firm did not produce in this question; those data to the degree they are exported to the United States should only be reported in question II-10.

Do not submit data by manufacturing facility if they are in the same country. If your firm has multiple manufacturing establishments within one country, you are required to combine data for those establishments within one foreign producer questionnaire response.

Do not submit data on multiple countries combined. The establishments reported here should all be located in the country of the firm's address reported on the certification page. Multinational companies with production in multiple subject countries should submit separate foreign producer questionnaire responses for each subject country.

**"Average production capacity" or "capacity"** --The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).

**"Production"** --All production in your establishment(s) in France, Mexico, or South Korea, including production consumed internally within your firm.

**"NIBR"** --Acrylonitrile-isoprene-butadiene rubber, which is produced by the incorporation of isoprene during the polymerization process.

**"XNBR"** -- Carboxylated NBR, which is produced by the incorporation of methacrylic acid during the polymerization process.

**"Shipments"**--Shipments of products produced in your establishment(s) in France, Mexico, or South Korea. Quantities reported should be net of returns.

**"Home market commercial shipments"**--Shipments, other than internal consumption and transfers to related firms, within France, Mexico, or South Korea.

**"Home market internal consumption/transfers to related firms"**--Shipments made to related firms in France, Mexico, or South Korea, including product consumed internally by your firm.

**"Export shipments"**--Shipments to destinations outside of the country indicated on page 1 (France, Mexico, or South Korea), including shipments to related firms.

**"Inventories"**--Finished goods inventory, not raw materials or work-in-progress.

*Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records,*

*etc.) used to compile these data.*

II-8. Trade data.--Continued.

Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

--

**Correcting valid number error messages.**--If you are completing this questionnaire in a country that uses periods (".") to delineate multiples of 1000 (i.e., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in the numeric form fields. This issue stems from your computer's number formatting setting (i.e., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (",") delineate multiples of 1000 and periods (".") delineate fractions less than one. Many EU and other countries use the reverse where multiples of 1000 are delineated with periods (".") and fractions less than one are delineated with commas (","). The U.S. International Trade Commission's questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU or other country number formatting, we believe this may cause this issue.

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g., "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the USITC foreign producer questionnaire form. When you finish reporting the data then you can close the questionnaire and switch back to Italy (or your country) settings.

The screenshot shows the 'Region and Language' window with the 'Formats' tab selected. The 'Format' dropdown is set to 'Italian (Italy)'. Under 'Date and time formats', the settings are: Short date: dd/MM/yyyy, Long date: dddd d MMMM yyyy, Short time: HH:mm, Long time: HH:mm:ss, and First day of week: lunedì. A link 'What does the notation mean?' is present. The 'Examples' section shows: Short date: 03/11/2015, Long date: martedì 3 novembre 2015, Short time: 10:35, and Long time: 10:35:44. At the bottom are 'Additional settings...', 'OK', 'Cancel', and 'Apply' buttons.

## HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at:

[https://www.usitc.gov/investigations/701731/2022/acrylonitrile\\_butadiene\\_rubber\\_france\\_korea\\_and/final.htm](https://www.usitc.gov/investigations/701731/2022/acrylonitrile_butadiene_rubber_france_korea_and/final.htm)

***Please do not attempt to modify the format or permissions of the questionnaire document.*** Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

**Web address:** <https://dropbox.usitc.gov/oinv/>

**Pin:** **NRUB**

- **E-mail.**—E-mail your questionnaire to [Kristina.Lara@usitc.gov](mailto:Kristina.Lara@usitc.gov); include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

**If your firm did not produce or export this product,** please fill out page 1, print, sign, and submit a scanned copy to the Commission.

***Parties to this proceeding.***—If your firm is a party to this proceeding, you are required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1802). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7).
