certainly every refugee should be checked out. however, under the terms of the agreement the usa has on refugees none of them should be coming here from so far away. all of them should be in countries surrounding where they came from. afghans can go to uzbekistan, kazakhstan, etc. these alleged fake refugees pick and choose and always want to come here because they get the most money freebies when they come here. no other country gives them tens of thousands of dollars or is it hundreds of thousands of dollars to get free rent, free food, free medical care and free schooling. american citizens are being scammed and ripped off for the fakery that comes in here claiming to be refugees, with made up stories that they practice. running a program in such a corrupt way is wrong and penalizes every american citizen.
