PTAC Post-Presentation Survey

PURPOSE:

The U.S. Department of Education’s Privacy Technical Assistance Center (PTAC), located within the Student Privacy Policy Office (SPPO), was established in 2010 as a “one-stop” resource for education stakeholders to learn about data privacy, confidentiality, and security practices related to student-level data systems and other uses of student data.

One of the primary roles of PTAC is to conduct technical assistance site visits to state education agencies and local education agencies. During these site visits, the PTAC team presents on several topics, including federal law, data security, and student privacy.

The purpose of this survey is to get feedback from the attendees about how helpful the presentation was and get their opinion on the overall content and materials. The information obtained from the survey will be used to improve future site visits.
