Income Verification Division – Paperwork Reduction

Memo in response to public comment VA-2021-VACO-0001-0430

VHA HEC IVD Response:

The Health Eligibility Center (HEC) Income Verification Division (IVD) received the comment submitted by James Crowe in response to the 60-day Federal Register Notice published for 2900-0867, and we appreciate the opportunity to provide a response. At OMB's request, in April 2021, HEC IVD did submit an analysis of the income verification (IV) data to be collected by our office. HEC IVD then submitted a follow-up IV data analysis to OMB in August 2021. OMB reviewed these analyses and authorized HEC IVD to proceed with a renewal of the Paperwork Reduction Act (PRA) clearance for this information collection.
