ICARE VIRTUAL SESSIONS

The Interagency Collaborative Animal Research Education (ICARE) Project

The ICARE (Interagency Collaborative Animal Research Education) Project invites you to join us for **Virtual Sessions**

<https://olaw.nih.gov/education/icare-interagency> aims to empower IACUCs and their institutions to improve animal welfare and thus increase the quality of data collected, and increase compliance with federal standards while minimizing regulatory burden.

Those who care for biomedical research animals have the responsibility of providing support to scientists and exemplary care to the animals that depend upon us. To support IACUC members and staff and animal care and use program personnel, the ICARE faculty offers new online programs, **OLAW Conversations**. The program will provide institutional animal care and use program personnel the opportunity to view presentations on the following topics:

OLAW CONVERSATIONS

OLAW CONVERSATIONS presented by ICARE will be offered at **NO CHARGE**. Participants are invited to register for any session of interest.

The program is in webinar format with opportunities for attendee discussion.

TOPICS for OLAW CONVERSATIONS presented by ICARE

All sessions will include closed captioning.

Each session will be offered **1:30 - 3:30 PM Eastern time** on the date provided in the schedule below which corresponds to:

- 12:30 PM - 2:30 PM Central
- 11:30 AM - 1:30 PM Mountain
- 10:30 AM - 12:30 PM Pacific

The sessions are live only and will not be recorded.

The sessions are live only and will not be recorded.

OMB# 0925-0740 Expiration Date: July 31, 2022

Public reporting burden for this collection of information is estimated to average 2 minute per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: (0925-0740). Do not return the completed form to this address.
