riches can buy you anything, even entry into the usa in the most corrupt foundation of all. these people come here with their moneyh in hand and claim they will build so that america profits. it turns out 100% of the time that they are criminals stealing millions from ameericans, never building a damn thing for americans and being liars of the first magnitude. none of them are really helpful. they come here for themselves, not for us. shut down this horrific program which is all about money. none of them who came here under this program has been worth a hill of beans. the program is about money money money. americans are losing from this progrm by the millions of dollars.
