Government Agency: Bishop Indian Head Start

Government Agency Type: Tribal

Category: Education Prof.

General Comment

I am a Director for a Head Start Program. I understand the importance of running a program of strong fiscal integrity in an efficient manner. Any system that supports CACFP programs decrease the burden of paperwork while still maintaining quality services to our children is 100% supported by our program. We already maintain records on site and are ready for review. I do not see the additional burden other than downloading to FNS tech program. Our assigned FNS reps have always been helpful when we have questions. We appreciate the need to have regulations in place due to the fact CACFP is greatly needed in our area and we do not want CACFP funding to be put at risk for not upholding integrity or responsibility.

As a Director I appreciate the online trainings our State provides through Cal Pro Net Fresno State College. The courses help our program staff uphold our policies and procedures.
