

CTPAT Port Cost Survey

OMB No. 1651-0136, Exp. 5/31/24

CBP/CTPAT would like feedback about the average port costs for the majority of average sized commercial cargo container vessels. When asked for your name, please input the company name in the CTPAT program and the location of where the port cost estimates originate from. For example, Company ABC, Port of Miami, FL.

* This form will record your name, please fill your name.

1. What is the hourly rate charged to container vessels for port labor?

Outside of average hourly rate estimates in Question 1, are there additional per shift costs to staff and provide crane operation resources in support of containerized cargo operations (loading and offloading)? If so, please provide an hourly estimate of those associated costs.

What is the average number cranes typically utilized on vessel arrival/cargo crane operations for arriving vessels?

What is the average number of labor worker teams used per container vessel?

5

For your area of operations, what is the average cost incurred to berth a vessel *per day* in relation to Port fees, taxes, charges, power/water/services?

6

Would there be any containerized cargo vessel berthing or operational costs incurred as a matter of routine vessel/cargo operations per arrival that are not already mentioned?

Paperwork Reduction Act Statement:

An agency may not conduct or sponsor an information collection and a person is not required to respond to this information unless it displays a current valid OMB control number and an expiration date. The control number for this collection is 1651-0136. The estimated average time to complete this application is five minutes. If you have any comments regarding the burden estimate you can write to U.S. Customs and Border Protection, Office of Regulations and Rulings, 90 K Street, NE., Washington D.C. 20229
