we do not need and should not allow alien entrepreneurs having this program in place has allowed endless entreperneurs to come in here- they dont hire ameriucans, they bring more foreigners to this country, pay them low wages and we are inundated with foreign workers taking jobs from the minroities who came to this country legally. they cant get jobs because these alien entrepreneurs are crooked operators who make their money by hiring immigrants from their own old countries. look at the donus king in alifornia there are many such examples all over this country, look at the software barons, many of them did and do the same thing. they dont want to hire americans. they want to flood the usa with h2b immgiratns from india to pay them low wages to work 24/7. they dont want americans who demand a decent work week to see their familiees 2 days a week. they dont want to hire them or to hire thenm. they want to make their big money here but dont want to pay any out. this program has worked out very very badly for the american people. who in congress is currently taking bribrs to keep this awfuyt program going? its a horror for the american people and american companies. those crooked entrepreneurs sneak in their countrymen and hide them in their buildings so this agency has no knowledge of what is going on. they have fake identifies to give them., the whole crooked opeattion smells to high heaven.
