Dear Industry Partners,

GSA is working to develop effective activities, impactful training, and dynamic events that will support your small business after your organization has been awarded a GSA contract vehicle (i.e., GSA Schedule, or GWAC), which is known as our post-award engagement strategy.

This post-award engagement strategy will include all key GSA stakeholders to create a robust plan that will allow us to provide resources and tools to support your success as a GSA supplier.

This is an opportunity to make your voice heard. These survey results will inform our decision making and have a direct impact on the improvement and development of training and support provided to the small business supplier community post-award.

We request that you take the time to complete the **survey** by **[DATE TBD]**. The survey should take approximately 12 minutes to complete.

We ask that you please provide feedback to help us develop a plan that reflects your input and suggestions on how GSA can better support your success post award.
