I have been a victim of Fraud abuse against a disabled person since I have been able to move around with the Mobile chair since my ex boyfriend was living with me and my children and my rent payments had increased to high that the Georgia Rental Assistance program helped me out with the past payments and they charged me \$450.00 extra dollars for my friend that was living there with me and he helped me out with half of the rent for the past 3 months of year 2021 and they filed a claim for rent due and they accepted the rent and utilities plus the extra money for my friend and they had marshall to evict me and my children out of the house and they put our belongings on the curb but they were paid off and more to get the process faster they also have filed civil rights against me and I have been trying to pay for the fines and fee's before the process
