

**ADDRESSES:** The meeting will be held at the National Cybersecurity Center of Excellence, 9700 Great Seneca Highway, Rockville, Maryland, 20850 for the VCAT members and NIST Senior Leadership with an option to participate via webinar for NIST staff and public participants. Please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Stephanie Shaw, VCAT, NIST, 100 Bureau Drive, Mail Stop 1060, Gaithersburg, Maryland 20899–1060, telephone number 240–446–6000. Ms. Shaw's email address is [stephanie.shaw@nist.gov](mailto:stephanie.shaw@nist.gov).

**SUPPLEMENTARY INFORMATION:**

*Authority:* 15 U.S.C. 278, as amended, and the Federal Advisory Committee Act, as amended, 5 U.S.C. app.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. app., notice is hereby given that the VCAT will meet on Tuesday, June 14, 2022, from 8:30 a.m. to 5:00 p.m. Eastern Time, and Wednesday, June 15, 2022, from 8:30 a.m. to 12:00 p.m. Eastern Time. The meeting will be open to the public. The VCAT is composed of not fewer than 9 members appointed by the NIST Director, eminent in such fields as business, research, new product development, engineering, labor, education, management consulting, environment, and international relations. The primary purpose of this meeting is for the VCAT to review and make recommendations regarding general policy for NIST, its organization, its budget, and its programs within the framework of applicable national policies as set forth by the President and the Congress. The agenda will include an update on major programs at NIST. It will also include updates and discussions on strategic issues facing the agency including: Diversity, Equity, Inclusion, and Accessibility; implications of the Bipartisan Innovation Act; and other topics. The agenda may change to accommodate Committee business. The final agenda will be posted on the NIST website at <http://www.nist.gov/director/vcat/agenda.cfm>.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Committee's business are invited to request a place on the agenda. Approximately one-half hour will be reserved for public comments and speaking times will be assigned on a first-come, first-serve basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about 3 minutes each. The

exact time for public comments will be included in the final agenda that will be posted on the NIST website at <http://www.nist.gov/director/vcat/agenda.cfm>. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend via webinar are invited to submit written statements to Stephanie Shaw at [stephanie.shaw@nist.gov](mailto:stephanie.shaw@nist.gov).

All NIST staff and public participants will be attending via webinar and must contact Ms. Shaw at [stephanie.shaw@nist.gov](mailto:stephanie.shaw@nist.gov) by 5:00 p.m. Eastern Time, Monday, June 6, 2022 for detailed instructions on how to join the webinar.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Socioeconomics of Coral Reef Conservation

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on January 25, 2021 (86 FR 6876) during a 60-day comment period and again on April, 16, 2021 (86 FR 20120) during a 30-day comment period. This notice allows for an additional 30 days for public comments.

*Agency:* National Oceanic & Atmospheric Administration (NOAA), Commerce.

*Title:* Socioeconomics of Coral Reef Conservation, Guam 2023 Survey.

*OMB Control Number:* 0648–0646.

*Form Number(s):* None.

*Type of Request:* Regular, new information collection for an existing control number.

*Number of Respondents:* 800.

*Average Hours per Response:* 20 minutes (0.33 hours).

*Total Annual Burden Hours:* 267 hours.

*Needs and Uses:* This request is for a new information collection under the currently approved hybrid-generic information collection under OMB Control Number 0648–0646. The information collection is part of the National Coral Reef Monitoring Program (NCRMP), which was established by the National Oceanic and Atmospheric Administration (NOAA) Coral Reef Conservation Program (CRCP) under the authority of the Coral Reef Conservation Act of 2000. The CRCP was created to safeguard and ensure the welfare of the coral reef ecosystems along the coastlines of America's states and territories. In accordance with its mission goals, NOAA developed a survey to track relevant information regarding each jurisdiction's population, social and economic structure, the benefits of coral reefs and related habitats, the impacts of society on coral reefs, and the impacts of coral management on communities. The survey is repeated in each jurisdiction every five to seven years in order to provide longitudinal data and information for managers to effectively conserve coral reefs for current and future generations.

The purpose of this information collection is to obtain human dimensions information from residents in Guam. Specifically, NOAA is seeking information on the behaviors and activities related to coral reefs, as well as information on perceptions of coral reef conditions and attitudes toward specific reef conservation activities. The survey has a core set of questions that are the same for all jurisdictions to allow for information to be tracked over time. To account for geographical, cultural and linguistic differences between jurisdictions, the survey questions include items that are specific to the local context and developed based on jurisdictional partner feedback.

We intend to use the information collected through this survey instrument for research purposes, as well as for measuring and improving the results of our reef protection programs. Because many of our efforts to protect reefs rely on education and changing attitudes toward reef protection, the information collected will allow CRCP to ensure that programs are designed appropriately at the start, future

program evaluation efforts are as successful as possible, and outreach efforts are targeting the intended recipients with useful information.

**Affected Public:** Individuals or households.

**Frequency:** Every 5–7 years.

**Respondent's Obligation:** Voluntary.

**Legal Authority:** Coral Reef Conservation Act of 2000.

This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0646.

### National Oceanic and Atmospheric Administration

[RTID 0648–XB972]

#### Marine Fisheries Advisory Committee; Charter Renewal

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of renewed charter.

**SUMMARY:** Notice is hereby given of the 2-year renewed charter for the Marine Fisheries Advisory Committee (MAFAC), signed on April 12, 2022.

**FOR FURTHER INFORMATION CONTACT:** Heidi Lovett, Assistant Federal Program Officer, MAFAC, 301–427–8034; email [heidi.lovett@noaa.gov](mailto:heidi.lovett@noaa.gov).

**SUPPLEMENTARY INFORMATION:** As required by section 10(a)(2) of the Federal Advisory Committee Act, 5 U.S.C. App. (1982), and after consultation with the General Services Administration, the Secretary of Commerce has determined that the renewal of the charter for MAFAC is in the public interest. MAFAC was

established by the Secretary of Commerce (Secretary) on February 17, 1971, to advise the Secretary on all living marine resource matters that are the responsibility of the Department of Commerce. This Committee advises and reviews the adequacy of living marine resources policies and programs to meet the needs of commercial and recreational fisheries, aquaculture, seafood trade, environmental, consumer, academic, tribal, governmental, and other national interests. The Committee's charter must be renewed every 2 years from the date of the last renewal.

The Committee will function solely as an advisory body and in compliance with provisions of the Federal Advisory Committee Act. Copies of the Committee's revised Charter have been filed with the appropriate committees of the Congress and with the Library of Congress. The charter can be accessed online at <https://www.fisheries.noaa.gov/national/partners/marine-fisheries-advisory-committee-charter>.

Dated: April 15, 2022.

### National Oceanic and Atmospheric Administration

[RTID 0648–XB951]

#### Advisory Committee Open Session on Management Strategy Evaluation for Atlantic Bluefin Tuna

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of meeting.

**SUMMARY:** NMFS is holding a public meeting via webinar session for the Advisory Committee to the U.S. Section to the International Commission for the Conservation of Atlantic Tunas (ICCAT) and all interested stakeholders to receive an update and provide input on the development of the management strategy evaluation (MSE) for Atlantic bluefin tuna.

**DATES:** A virtual meeting that is open to the public will be held by webinar session on May 2, 2022, from 11 a.m. to 1 p.m. EDT.

**ADDRESSES:** Please register to attend the meeting at: <https://forms.gle/>

*NTH38FNaf6LY9iEV8*. Registration will close on April 29, 2022, at 5 p.m. EDT. Instructions for accessing the webinar session will be emailed to registered participants.

#### FOR FURTHER INFORMATION CONTACT:

Bryan Keller, Office of International Affairs, Trade, and Commerce, (202) 897–9208 or at [Bryan.Keller@noaa.gov](mailto:Bryan.Keller@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

MSE is a process that allows fishery managers and stakeholders (e.g., industry, scientists, and non-governmental organizations) to assess how well different strategies achieve specified management objectives for a fishery. After several years of work, ICCAT expects to finalize its bluefin tuna MSE in 2022 and anticipates adopting a management procedure in November 2022 to set Total Allowable Catch (TACs) for 2023 and future years for both the western Atlantic and eastern Atlantic and Mediterranean stocks of bluefin tuna. NMFS and the United States more broadly participate in this MSE development process and have been engaging stakeholders and considering their input throughout the process through various means, including consultation with the Advisory Committee to the U.S. Section to ICCAT. The United States also participates in the development of the bluefin tuna MSE through active engagement by U.S. scientists in ICCAT's Standing Committee on Research and Statistics (SCRS).

The May 2 meeting is intended to update stakeholders and solicit their input on the MSE approach being developed by ICCAT. This includes SCRS progress in developing initial candidate management procedures (CMPs) illustrating potential management tradeoffs and the related process by ICCAT to refine management objectives to assist the SCRS in further refining and narrowing those CMPs. This open session Advisory Committee meeting is primarily informational in nature and intended to increase the opportunity for stakeholder awareness and input on the bluefin tuna MSE process. Discussions at the meeting will help to inform U.S. scientists who are participating in the work of the SCRS, and input provided during the meeting will be considered by the United States to assist its preparations for a 9–10 May 2022 meeting of ICCAT's Panel 2 and other ICCAT bluefin tuna MSE meetings planned for 2022.
