there shold be no change in teh inadmissibility of some people who want to come here. there are millions of people who want to comehere. if they were turned down the first time.letthat stand. go on to somebody else. i see no reason for waivers of inadmisibility at all ever. they got a shot at the apple the first time and probably was an illegal immigrant in the firt place. nobody needs these sneaking lying lawbreaking illegal immigrant in this country. they are definitely not good candidates for citizens becaues they dont follow laws. thereare laws. the people who follow lawa are far better choices for admission into any country than the vandals who think they are entitled. that is what they think they are - entitled. shut this down. shut this expensive system of second chances down. let them stay out.
