PART I.—GENERAL INFORMATION

Background.-- On June 24, 2005, the Department of Commerce ("Commerce") issued antidumping duty orders on imports of chlorinated isos from China and Spain. On October 1, 2021, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make an affirmative determination, the order will remain in place. If either the Commission or Commerce makes a negative determination, Commerce will revoke the order. Questionnaires and other information pertinent to this proceeding are available at https://usitc.gov/investigations/701731/2021/chlorinated_isocyanurates_china_and_spain/third_review_full.htm.

Chlorinated isos covered by these investigations are derivatives of cyanuric acid, described as chlorinated s-triazine triones. There are three primary chemical compositions of chlorinated isos: (1) trichloroisocyanuric acid ($\text{Cl}_3(\text{NCO})_3$); (2) sodium dichloroisocyanurate (dehydrate) ($\text{NaCl}_2(\text{NCO})_3(2\text{H}_2\text{O})$); and (3) sodium dichloroisocyanurate (anhydrous) ($\text{NaCl}_2(\text{NCO})_3$). The AD Orders cover all chlorinated isos.

Chlorinated isos are currently imported under statistical reporting numbers 2933.69.6015, 2933.69.6021, and 2933.69.6050 of the Harmonized Tariff Schedule of the United States (HTSUS).¹ Chlorinated isos may also be imported under HTS subheadings 3808.59.40, 3808.59.50, and 3808.94.50. The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

Purchaser.--Any firm engaged, either directly or through a parent company or subsidiary, in purchasing chlorinated isos from another firm that produces, imports, or otherwise distributes chlorinated isos.

Reporting of information.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire in connection with this proceeding (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

Confidentiality.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all of your files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

¹ The tariff classification 2933.69.6015 covers sodium dichloroisocyanurates (anhydrous and dehydrate forms) and trichloroisocyanuric acid. The tariff classifications 2933.69.6021 and 2933.69.6050 represent basket categories that include chlorinated isos and other compounds including unfused triazine rings.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

PART IV.--PRODUCT COMPARISONS

IV-1. **Interchangeability**--Is chlorinated isos produced in the United States and in other countries interchangeable (i.e., can they physically be used in the same applications)?

Please indicate A, F, S, N, or O in the table below:

A = the products from a specified country-pair are *always* interchangeable

F = the products are *frequently* interchangeable

S = the products are *sometimes* interchangeable

N = the products are *never* interchangeable

O = *no familiarity* with products from a specified country-pair

| Country-pair | China | Spain | Other countries |
|---|-------|-------|-----------------|
| United States | | | |
| China | | | |
| Spain | | | |
| For any country-pair producing chlorinated isos that is <i>sometimes</i> or <i>never</i> interchangeable, identify the country-pair and explain the factors that limit or preclude interchangeable use: | | | |

- IV-2. **Factors other than price.**--Are differences other than price (e.g., quality, availability, transportation network, product range, technical support, *etc.*) between chlorinated isos produced in the United States and in other countries a significant factor in your firm's purchases of the products?

Please indicate A, F, S, N, or O in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

O = *no familiarity* with products from a specified country-pair

| Spain | | | |
| <p>For any country-pair for which factors other than price are <i>always</i> or <i>frequently</i> a significant factor in your firm's sales of chlorinated isos, identify the country-pair and relevant factors and report the advantages or disadvantages imparted by such factors:</p> | | | |
