## RTAC/USAID Buy-In Satisfaction Survey

Research Technical Assistance Center leverages the technical and research expertise of the higher education to provide short-term scientific and research-based technical assistance (TA) for USAID. You have recently worked as a researcher contracted by RTAC to provide services for USAID. The survey below asks several basic questions on your satisfaction with the process. We may also follow up with a request for interview to delve into more depth on your experience with RTAC.

Please note that your feedback and responses to the attached questions will be used primarily to evaluate our internal processes and improve them moving forward. We encourage you to be as open and honest as possible. Your responses will in no way affect current or future funding or technical support from USAID, nor will any specific or identifiable information be shared outside of USAID without your explicit consent. Public reporting for this collection of information is estimated to be approximately 5 minutes per response.

### Privacy Notice:

The survey is administered by the RTAC. Completion of this survey is voluntary. You may choose to respond to all or any of the questions. Your participation will help ensure adequate representation of your views in the final results and outcomes. If you agree to participate, you may withdraw your participation in the survey at any time by simply exiting the survey. For more information, please contact Rachael Jackson at [jackson-rachael@norc.org](mailto:jackson-rachael@norc.org).

**As a reminder, please do not include any *unsolicited Personally Identifiable Information* in response(s).**

Thank you in advance for your valuable feedback!

What buy-in were you involved in?

(If you were involved in more than one buy-in, what buy-in are you reporting on now?)

How realistic was the timeline for...

Not realistic at all

1

Somewhat realistic

2

Realistic

3

Proposal development

Implementation / fieldwork

Analysis

First draft of deliverables

Final draft of deliverables

How satisfied were you with the process of planning the research project? This can include initial meetings with RTAC and research staff, feedback loops on planning of the research, and coordinating fieldwork.

Extremely  
dissatisfied

1

2

3

4

Extremely  
satisfied

5

How satisfied are you with the support provided by the **RTAC** staff during implementation, analysis, and writing?

Extremely  
dissatisfied
