

Notice to Withhold For Health Care Coverage (page 1 of Part B)

1. Page 1 of Part B (“Medical Support Notice to Plan Administrator” section) – The Child(ren)’s Name(s) section lists eight children. Page 1 of Part A of the notice lists six children. We recommend that the Part A and Part B sections list the same number of children, either six or eight.
2. Page 1 of Part B (“Medical Support Notice to Plan Administrator” section) - Towards the bottom of the page, a sentence exists telling the plan administrator what types of health benefit plans the underlying order requires the employee to provide for the child(ren). The current wording of the phrase, “☐ ***all*** health coverages available” gives the impression the plan administrator must enroll the dependent(s) in *any* and *all* plans available to the employee. If the intent of this statement is tell the plan administrator that the employee must enroll the child(ren) in at least one of any plans available through the employer, we suggest changing the wording of this phrase to, “☐ ***a*** health insurance plan,” thus making the entire section read,
The order requires the child(ren) to be enrolled in ☐ ***a*** health insurance plan; or ☐ only the following health insurance plan(s):
☐Medical; ☐Dental; ☐Vision; ☐Prescription drug; ☐Mental health;
☐Other (specify):

Note: We are requesting a similar change on page 1 of Part A of the notice which is currently undergoing solicitation of public comment - OMB Number: 0970-0222, Federal Register Vol. 87 Number 87, Tuesday, May 5, 2022, page 26762.

Notice to Withhold For Health Care Coverage (page 2 of Part B)

3. Page 2 of Part B (“Plan Administrator Response” section) – In item number 2 in the response section a space is missing between the words “following” and “family” in the first sentence. A space is also missing in number 2 – d between the words “been” and “elected.”
4. Page 2 of Part B (“Plan Administrator Response” section) – In item number 5 in the response section there is a missing quote mark after the word “order.”

National Medical Support Notice – Addendum to Part – B

5. Pages 6 -7 of Part B (National Medical Support Notice – Addendum to Part – B) - The addendum is new to the National Medical Support Notice Part B. States will need to update programming to add the extra pages and populate the additional required data elements on the top of page 6. Part B currently expires on 10/31/2022. We recommend that you allow states additional time to make these changes (6-12 months). If the addendum is optional, please clarify that, as well.
