## General Comment

Sixty minutes to fill out the paperwork? Have they ever tried to watch someone unfamiliar with it? It took me over three hours to fill it out, with the help of my social worker.

The text is dense, arcane and feels like it's full of traps and bad wording. It invokes paranoia and drains energy.

it is apparently written by someone who is able or willing to skip MOST of the text fields to do it in one hour.

Getting the DHS to help me with it? Nigh impossible. Multiple full day trips, sitting in DHS for 5-8 hours.

It's a huge burden, a huge process and it's exhausting and gatekept at every step.
