General Comment

It takes us 2 hours to gather the materials and a total of 8 hours to fill out the forms. I can only work on it about 10 minutes at a time and require help filling it out. I had to ask for a one month extension because of how long it took to fill out and how little I could work on it, due to my disabilities such as extreme fatigue, brain fog, pain, and my symptoms worsening when I exert from thinking and writing. If I did not have help filling it out, it would have taken me even longer. I felt sicker and was even less functional for months after finish my cdr because it was an overexertion of my abilities, I had to push past my limits to finish.
