## General Comment

One hour, are you serious? Filled out the form on behalf of a recipient, minimum two(2) to three(3) hours. That doesn't include making sure the physically disabled with palsy, had his wishes and replies clearly outlined in their responses on the CDR. Even if filled out to perfection, it is returned, questioned, further review required even after the recipient's physician took their time reviewing it before it was submitted to the SSA. Thank you. Parent
