TITLE OF INFORMATION COLLECTION: Veterans Service Organization (VSO)
Liaison Survey

PURPOSE

To survey the Veterans Service Organizations who routinely interact with the Department of Veterans Affairs, and more specifically the Office of the Secretary of Veterans Affairs. Survey will ask for the VSO’s satisfaction of interaction, engagement, transparency, and communication. Survey will also gather information as to the size and frequency of the interaction with the VA and to provide feedback on areas where the VSO Liaison Office can improve as well as areas where things are going well, and VSOs are satisfied with the level of partnership.

DESCRIPTION OF RESPONDENTS:

Veterans Service Organizations who routinely interact with the Department of Veterans Affairs and have vested interest in the benefits and programs that the VA Provides. VSOs who frequently meet with the VA will be the primary organizations surveyed.

TYPE OF COLLECTION: (Check one)

☐ Customer Comment Card/Complaint Form	☒ Customer Satisfaction Survey
☐ Usability Testing (e.g., Website or Software)	☐ Small Discussion Group

BURDEN HOURS

Category of Respondent	No. of Respondents	Participation Time	Burden
Individuals and Households	1,000	5 minutes	83 hours
Totals	1,000	5 minutes	83 hours

Please answer the following questions.

1. **Are you conducting a focus group, a survey that does not employ random sampling, user testing or any data collection method that does not employ statistical methods?**

Yes ☒

No ☐

If Yes, please answer questions 1a-1c, 2 and 3.

If No, please answer or attach supporting documentation that answers questions 2-8.

- a. Please provide a description of how you plan to identify your potential group of respondents and how you will select them.
- Veterans Service Organizations who routinely interact with the Department of Veterans Affairs and have vested interest in the benefits and programs that the VA Provides. VSOs who frequently meet with the VA will be the primary organizations surveyed.

b. How will you collect the information? (Check all that apply)

☒ Web-based or other forms of Social Media

☐ Telephone

☐ In-person

☐ Mail

☐ Other- E-mail-based surveys

c. Will interviewers or facilitators be used? ☒ Yes ☐ No

2. Please provide an estimated annual cost to the Federal government to conduct this data collection: \$13,000

3. Please make sure that all instruments, instructions, and scripts are submitted with the request. This includes questionnaires, interviewer manuals (if using interviewers or facilitators), all response options for questions that require respondents to select a response from a group of options, invitations given to potential respondents, instructions for completing the data collection or additional follow-up requests for the data collection.

- Done

4. Describe (including a numerical estimate) the potential respondent universe and any sampling or other respondent selection methods to be used. Data on the number of entities (e.g., establishments, State and local government units, households, or persons) in the universe covered by the collection and in the corresponding sample are to be provided in tabular form for the universe as a whole and for each of the strata in the proposed sample. Indicate expected response rates for the collection as a whole. If the collection had been conducted previously, include the actual response rate achieved during the last collection.

- Not applicable.

Category of Respondent	No. of Respondents
Individuals and Households	1,000 annual
Totals	1,000 annual

5. Describe the procedures for the collection of information, including:
 - a. Statistical methodology for stratification and sample selection.
 - b. Estimation procedure.
 - c. Degree of accuracy needed for the purpose described in the justification.
 - d. Unusual problems requiring specialized sampling procedures.
 - e. Any use of periodic (less frequent than annual) data collection cycles to reduce burden.
 - Not applicable.
6. Describe methods to maximize response rates and to deal with issues of nonresponse. The accuracy and reliability of information collected must be shown to be adequate for intended uses. For collections based on sampling, a special justification must be provided for any collection that will not yield "reliable" data that can be generalized to the universe studied.
 - Not applicable.
7. Describe any tests of procedures or methods to be undertaken. Testing is encouraged as an effective means of refining collections of information to minimize burden and improve utility. Tests must be approved if they call for answers to identical questions from 10 or more respondents. A proposed test or set of tests may be submitted for approval separately or in combination with the main collection of information.
 - Not applicable.
8. Provide the name and telephone number of individuals consulted on statistical aspects of the design and the name of the agency unit, contractors, grantees, or other person(s) who will actually collect or analyze the information for the agency.
