SUPPLEMENTARY INFORMATION:

I. Abstract

The Board for International Food and Agricultural Development (BIFAD) is a seven-member, presidentially appointed advisory board to USAID established in 1975 under Title XII of the Foreign Assistance Act, as amended, to ensure that USAID brings the assets of U.S. universities to bear on development challenges in agriculture and food security and supports their representation in USAID programming. BIFAD convenes diverse thought leadership through its public meetings around emerging issues related to food security, agricultural development, and nutrition. BIFAD has a strong interest in engaging with a broad and diverse stakeholder community, ensuring diverse participation in its events, and understanding how its public events and commissioned materials are used. A BIFAD support mechanism, implemented by Tetra Tech, also seeks to understand how effectively it is providing support to new BIFAD members through its orientation program.

The following six forms were developed:

1. Opt-in process for individuals electing to join a stakeholder database for Board for International Food and Agricultural Development (BIFAD), to receive occasional updates about BIFAD-led events and resources. for the stakeholder database and to better understand the types of participants reached through BIFAD activities. This information is important as BIFAD and USAID strive to diversify outreach of these activities.
2. An event registration form to facilitate the registration process for events hosted or co-hosted by the Board for International Food and Agricultural Development (BIFAD). This data will be collected by the BIFAD Support Contract implementer, Tetra Tech (as required in the Activity Monitoring, Evaluation, and Learning Plan) to facilitate event registration and to better understand the types of participants reached through BIFAD events. This information is important as BIFAD and USAID strive to diversify outreach of these activities.
3. A form to collect participant feedback following events hosted or co-hosted by the Board for International Food and Agricultural Development (BIFAD), related to participant reactions/level of satisfaction and intent to apply information to their work. This data will be collected by the BIFAD Support Contract implementer, Tetra Tech (as required in the Activity Monitoring, Evaluation, and Learning Plan) to inform BIFAD and USAID about participant engagement in BIFAD-supported activities.
4. A form to measure participant feedback before and after the new-member orientation process for the Board for International Food and Agricultural Development (BIFAD). The surveys will be administered to new BIFAD members with data collected by the BIFAD Support Contract implementer, Tetra Tech (as required in the Activity Monitoring, Evaluation, and Learning Plan) and maintained by Tetra Tech according to privacy and information protection protocols. This information is important as BIFAD and USAID strive to strengthen the new member orientation experience for the Board.

5. A form to collect information necessary when coordinating with speakers and authors for BIFAD-supported events and reports, while also collecting data to understand how well BIFAD is engaging a diverse community of experts. All speakers and authors will be asked to complete the survey with data collected by the BIFAD Support Contract implementer, Tetra Tech (as required in the Activity Monitoring, Evaluation, and Learning Plan) and maintained by Tetra Tech according to privacy and information protection protocols. This information is important as BIFAD and USAID strive to diversify engagement and to consistently collect information needed for planning and coordination with event speakers.

6. A form to collect information about BIFAD event participants' or report/product users' intent to use the information presented to inform their work, teaching, or research.

II. Method of Collection

Electronic. The data will be collected and maintained by the BIFAD Support Contract implementer, Tetra Tech, Inc., as per the Activity Monitoring, Evaluation, and Learning Plan.
