To whom it may concern,

Changes we believe would be helpful to the 14614-C:

- 1st question about wages — Changing the word wages to 'did you have a job?'
- Section 4 – Question 4 – reevaluate which of these options need to be Advanced and which are Basic.
- Section 5 – Question 4 – Use the word denied instead of disallowed – many taxpayers only read the first word and answered this question yes or they answered yes because they did not know what disallowed meant.
- Credit Card Debt forgiven instead of debt cancelled or forgiven by a lender.
- Disability and Social Security – make it a point that the social security answer includes social security disability, and the disability question is referring to disability income from a previous job.
- Tips not reported on W-2 instead of asking the question of 'Tip Income'
