Subject: FFIEC Cybersecurity Assessment Tool Feedback
Date: Tuesday, August 9, 2022 11:54:38 AM

Received via OCC Secure Mail

This message was sent securely using Zix®

The tool is a step in the right direction, however there is the fact that the tool is utilizing an end-of-life version of SQL 2012 that is already in Microsoft's Extended Security Update lifecycle. Interesting approach to a cybersecurity tool.
