General Comment

certainly these areas as so corrupt that a population census shoudl be done wherein those who are illegal immigrants shoudl be delineated as not being citizens entitled to be in that area it is time to pick out those who are of foreign origin and have nor ight to be in the usa at all. this comment is necessary as we have about 25 illegal immigrant sher in this country at the present time representing trillions of dollars in taxpayer spending for their welfare. they all need to be deported
