General Description of Collection

The Virginia Graeme Baker Pool and Spa Safety Act (Act), 15 U.S.C. 8001–8008, applies to public swimming pools and spas, and it requires that each swimming pool and spa drain cover manufactured, distributed, or entered into commerce in the United States shall conform to the entrapment protection standards of the ASME/ANSI A112.19.8 performance standard or any successor standard regulating such swimming pool or drain cover under section 1404(b) of the Act.

On August 5, 2011, the CPSC published a final rule incorporating by reference ANSI/APSP-16 2011 as the successor standard, effective September 6, 2011. 76 FR 47436. On May 24, 2019, the CPSC published a direct final rule incorporating by reference ANSI/APSP-16 2017 as the next successor standard. 84 FR 24021. The Act requires that, in addition to having the anti-entrapment devices or systems, each public pool and spa in the United States with a single main drain other than an unblockable drain shall be equipped with one or more of the following devices or systems designed to prevent entrapment by pool or spa drains: a safety vacuum release system, suction-limiting vent system, gravity drainage system, automatic pump shut-off system or drain disablement. The CPSC will collect information through the verification of compliance form to identify drain covers, pools, and spas that do not meet the performance requirements in ANSI/APSP-16 2017 and the Act. CPSC staff or the designated State or local government official will take approximately 3 hours to inspect the pool and fill out the checklist on the verification of

compliance form. The 2022 VGBA Form they will use is available for viewing at <https://www.regulations.gov> under docket number, CPSC–2009–0073, “Supporting and Related Material.”

Announcement of Open Season

Open Season is an annual period when beneficiaries can enroll in or make changes to their healthcare, dental and vision coverage for the next calendar year.

The TRICARE Open Season runs from November 14, 2022, through December 13, 2022, during which time

beneficiaries can enroll in or change their TRICARE Prime or TRICARE Select plan.

The Federal Employee Dental and Vision Insurance Program (FEDVIP) Open Season runs from November 14, 2022, through December 12, 2022. The U.S. Office of Personnel Management offers FEDVIP enrollment to qualified beneficiaries of the Military Health System, including TRICARE for Life beneficiaries. During the FEDVIP Open Season beneficiaries may enroll in or make changes to their dental and vision plans.

Any changes beneficiaries make during open season will take effect on January 1, 2023. If a beneficiary remains eligible and does not make any changes during Open Season, then their coverage will stay the same for 2023.

Annual Announcements

The following TRICARE program features are subject to a year-to-year determination and are announced each year prior to the annual TRICARE Open Season.

They may receive urgent care from any TRICARE-authorized urgent care center (UCC), either network or non-network. They may also receive urgent care from any TRICARE network provider. If the TRICARE Prime enrollee seeks care from a non-network TRICARE authorized provider (outside of a TRICARE-authorized UCC), the usual TRICARE Prime Point of Service deductible and cost-shares shall apply. Beneficiaries may also call the Military Health System Nurse Advice Line (NAL) for health care guidance from a specially trained registered nurse. The NAL is available 24/7 to all TRICARE beneficiaries in the United States (U.S.) except those enrolled in the US Family Health Plan. Beneficiaries who live overseas can call the NAL for health care advice when traveling in the U.S., but must coordinate care with their Overseas Regional Call Center. For additional information, call the servicing TRICARE contractor or visit <https://www.tricare.mil/ContactUs/CallUs/NAL>.

Prime Service Area Changes: Prime Service Areas (PSAs) are geographic areas around military Medical Treatment Facilities and Base Realignment and Closure sites. PSAs ensure medical readiness of active duty members by adding to the capability and capacity of military hospitals and
