

INTRODUCTION

The US Centers for Disease Control and Prevention (CDC) in collaboration with the Association of American Poison Control Centers (AAPCC) are conducting this survey as part of a study to better understand people's experiences using hand sanitizer and any adverse experiences they have had using hand sanitizer.

You have been selected to participate in this survey because you, or someone you care for, recently had an adverse experience using hand sanitizer which resulted in a call to the Poison Center. The survey will take about 10-15 minutes to complete. There are no anticipated risks to participating in this study. You will not receive any financial or any other personal benefit for participating in this study. By participating in this survey, you will help us learn about how to prevent other people from having adverse events associated with using hand sanitizer. </br>

Your participation in this survey is completely voluntary. You may skip any question you do not want to answer or end the survey at any time. All information will be kept confidential.

DO YOU AGREE TO PARTICIPATE IN THIS SURVEY?

☐ Yes ☐ No

CASE INFORMATION

**Specify Your State: **

CDC Unique Id:

SECTION I. EXPOSURE AND HEALTH EFFECTS INFORMATION

**For this exposure are you answering questions on behalf of yourself or another person? **

Describe

**What bottle type was the hand sanitizer in? (select all that apply) **

- ☐ Pump
- ☐ Flip top
- ☐ Spray bottle
- ☐ Individual or pocket size
- ☐ Wall mounted
- ☐ Large size
- ☐ Other

Describe:

SECTION I. EXPOSURE AND HEALTH EFFECTS INFORMATION
