

## FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

### WHITE GRAPE JUICE CONCENTRATE FROM ARGENTINA

This questionnaire must be received by the Commission by **DATE**  
*See last page for filing instructions.*

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping and countervailing duty investigations concerning white grape juice concentrate ("WGJC") from Argentina (Inv. Nos. 701-TA-681 and 731-TA-1591 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

#### CERTIFICATION

*I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this proceeding in any other import-injury proceedings conducted by the Commission on the same or similar merchandise.*

*I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceedings may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements.*

**PART I.—GENERAL INFORMATION**

**Background.** --This proceeding was instituted in response to petitions filed on March 31, 2022, by Delano Growers Grape Products, LLC, Delano, California. Countervailing and/or antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce (“Commerce”) makes an affirmative determination of subsidization and/or dumping. Questionnaires and other information pertinent to this proceeding are available at [LINK](#).

**WGJC** covered by these investigations is white grape juice concentrate with a Brix level of 65 to 68, whether in frozen or non-frozen forms. White grape juice concentrate is concentrated grape juice produced from grapes of the *Vitis vinifera* L. species with a white flesh, including fresh market table grapes and raisin grapes (e.g., Thompson Seedless), as well as several varieties of wine grapes (e.g., Chardonnay, Chenin Blanc, Sauvignon Blanc, Colombard, etc.). The scope of this investigation covers white grape juice concentrate regardless of whether it has been certified as kosher, organic, or organic kosher. The white grape juice concentrate subject to this investigation consists of 100 percent grape juice with no other types of juice intermixed and no additional sugars or additives included.

The scope does not cover white grape juice concentrate produced from grapes of the *Vitis labrusca* species (e.g., Niagara).

WGJC covered by these petitions is currently covered by the following Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting numbers: 2009.69.0040 and 2009.69.0060.

The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

**Quantity.** -- Quantities should be reported in 1,000 gallons of concentrate, based on a concentrate strength of 65 to 68 Brix.

**Reporting of information.**--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

**Confidentiality.**--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. §1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

**Verification.**--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information.**--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

**Valid number error messages.**--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Ahdia Bavari (202-205-3191, [ahdia.bavari@usitc.gov](mailto:ahdia.bavari@usitc.gov)).

- I-1. **OMB statistics.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 20 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

- I-2. **Establishments covered.**--Provide the name and address of establishment(s) covered by this questionnaire.

**"Establishment"**--Each facility of a firm in Argentina involved in the production or export of WGJC, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities. Firms operating more than one establishment in Argentina should combine the data for all establishments into a single report.

--

***“Related firm”*** –A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.

- I-3. **Related producers.**--Does your firm or any related firm produce, have the capability to produce, or have any plans to produce WGJC in the United States or other countries?

No	Yes	If yes, please name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission's producer questionnaire.
<input type="checkbox"/>	<input type="checkbox"/>	

- I-4. **Related U.S. importers.**--Does your firm or any related firm import or have any plans to import WGJC into the United States?

No	Yes	If yes, please name the firm(s) below and ensure that they complete the Commission's importer questionnaire.
<input type="checkbox"/>	<input type="checkbox"/>	

- I-5. **Stock symbol information.**-- If your firm or any of the entities reported in questions I-2 through I-4 are publicly traded in the United States, please specify the stock exchange and trading symbol (including American Depositary Receipts, if applicable): \_\_\_\_\_.

- I-6. **External counsel.**-- If your firm or parent firm is represented by external counsel in relation to this proceeding, please specify the name of the law firm and the lead attorney(s).

**PART II.--TRADE AND RELATED INFORMATION**

Further information on this part of the questionnaire can be obtained from Ahdia Bavari (202-205-3191, [ahdia.bavari@usitc.gov](mailto:ahdia.bavari@usitc.gov)). **Supply all data requested on a calendar-year basis.**

- II-1. **Contact information.**--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in part II.

Name	
Title	
Email	
Telephone	

- II-2a. **Changes in operations.**--Please indicate whether your firm has experienced any of the following changes in relation to the production of WGJC since January 1, 2019.

<i>(check as many as appropriate)</i>		<i>(If checked, please describe the nature, date(s), and significance of any such reported changes as well as the business reasons for them; leave completely blank if not applicable)</i>
<input type="checkbox"/>	plant openings	
<input type="checkbox"/>	plant closings	
<input type="checkbox"/>	relocations	
<input type="checkbox"/>	expansions	
<input type="checkbox"/>	acquisitions	
<input type="checkbox"/>	consolidations	
<input type="checkbox"/>	prolonged shutdowns or production curtailments	
<input type="checkbox"/>	weather-related events or force majeure declarations	
<input type="checkbox"/>	other (e.g., technology, revised labor agreements)	

- II-2b. **COVID-19 pandemic.**—Since January 1, 2020, has the COVID-19 pandemic or have any government actions taken to contain the spread of the COVID-19 virus resulted in changes in your firm's supply chain arrangements, production, and shipments (including exports to the United States) relating to WGJC? In your response, please discuss the duration and timing of any such changes as they relate to your firm's operations.

No	Yes	If yes, describe these changes including a separate discussion of the (a) supply chain impact and (b) production and shipments (including exports to the United States) impact
<input type="checkbox"/>	<input type="checkbox"/>	

- II-2c. **Anticipated changes in operations.**—Does your firm anticipate any changes in the character of its operations or organization (as noted above) relating to the production of WGJC in the future?

No	Yes	If yes, supply details as to the time, nature, and significance of such changes and provide underlying assumptions.
<input type="checkbox"/>	<input type="checkbox"/>	

- II-3a. **Production using same machinery.**--Please report your firm's production of products using the same equipment, machinery, or employees as used to produce WGJC, and the combined production capacity (both installed and practical capacity) on this shared equipment, machinery, or employees in the periods indicated.

***"Installed overall production capacity"*** – The level of production that your establishment(s) could have attained, assuming your firm's *optimal* product mix, and based solely on *existing capital investments*, i.e., machinery and equipment that is in place and ready to operate. This capacity measure does not take into account other constraints to production such as existing workforce constraints, availability of raw materials, or downtime for maintenance, repair, and clean-up. This capacity measure is sometimes referred to as "nameplate" or "theoretical" capacity.

***"Practical overall production capacity"*** – The level of production that your establishment(s) could reasonably have expected to attain, taking into account your firm's *actual* product mix over the period. This capacity measure is based on not only existing capital investments, i.e., machinery and equipment that is in place and ready to operate; but also non-capital investment constraints, such as (1) normal operating conditions, including normal downtime for maintenance, repair, and cleanup; (2) your firm's existing in place and readily available labor force; (3) availability of material inputs; and (4) any other constraints that may have limited your firm's ability to produce the reported products. Importantly, this capacity measure is the maximum "practical" production your firm could have achieved without hiring new personnel or expanding the number of shifts operated in the period.

***"Practical "WGJC production capacity"*** – The level of production of WGJC that your establishment(s) could reasonably have expected to attain. The same assumptions apply to this capacity measure as for practical overall production capacity, but only includes the portion of practical overall production capacity allocated to the production of WGJC based on the actual product mix experienced over the period.

Takes into account	Installed overall production capacity	Practical overall production capacity	Practical WGJC production capacity
Existing capital investments	Yes	Yes	Yes
Product mix	Yes	Yes	Yes
Normal downtime, maintenance, repair and clean-up	No	Yes	Yes
Existing labor force	No	Yes	Yes
Availability of material inputs	No	Yes	Yes
Actual number of shifts and hours operated	No	Yes	Yes
Limited to WGJC	No	No	Yes

***"Production"*** – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

II-3a. **Production using same machinery.--Continued.**

Additionally, if your firm reports the production of no other products on the same machinery and using the same workers as WGJC then "practical overall" and "practical WGJC" capacity measures should be equal to each other.</p> <p><sup>4</sup> Data entered for production of WGJC will populate here once reported in question II-10.</p> <p><sup>5</sup> Please identify these products: _____.</p>					

II-3b. **Operating parameters.**--The *practical* overall production capacity reported in II-3a is based on the following operating parameters:

Hours per week	Weeks per year

- II-3c. **Capacity calculations.**--Please describe the methodology used to calculate *installed* and *practical* overall production capacities reported in II-3a, and explain any changes in reported capacities.

--

- II-3d. **Practical overall production constraints.**--Please describe the constraint(s) that set the limit(s) on your firm's practical overall production capacity over the period reported in question II-3a. If different constraints were binding over different periods reported, please specify when each constraint was limiting your reported practical overall production capacity. If a constraint was not actually binding over the period reported, but was still a constraint to achieving the installed capacity level, indicate at what level it would have been binding.

<input type="checkbox"/>	Storage capacity	
<input type="checkbox"/>	Logistics/transportation	
<input type="checkbox"/>	Lack of demand/orders	
<input type="checkbox"/>	Other constraints (list the specific constraints in the description field)	

- II-3e. **Reaching installed overall production capacity.**--Please describe and quantify the amount of time it would take and the additional actions that would be needed (e.g., hiring new workers, expanding shifts, procuring larger sources of raw material supply, etc.) for your firm to be able to fully utilize the reported installed overall production capacity reported in II-3a.

--

II-4. **Product shifting.**—

- (a) Is your firm able to switch production (capacity) between WGJC and other products using the same equipment and/or labor?

No	Yes	If yes—(i.e., have produced other products or are able to produce other products) Please identify other actual or potential products.
<input type="checkbox"/>	<input type="checkbox"/>	

- (b) Please describe the factors that affect your firm's ability to shift production capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

--

- II-5. **Capacity checklist.**--Please check that the capacity numbers reported in question II-3a follow the Commission's relevant definitions for capacity.

Item	✓ if Yes
Are all three capacity measures reported based on <u>currently installed machinery and equipment</u> (i.e., the reported capacity level would not require additional capital investments in order to achieve)?	<input type="checkbox"/>
Are practical overall production capacity and practical WGJC production capacity measures reported based on <u>existing labor force</u> (i.e., the reported capacity level would not require hiring additional production related workers or adding shifts)?	<input type="checkbox"/>
Are practical overall production capacity and practical WGJC production capacity measures based on <u>the actual availability of material inputs</u> ?	<input type="checkbox"/>
Do both practical overall production capacity and practical WGJC production capacity measures account for <u>normal downtime, maintenance, repair and clean-up</u> activities?	<input type="checkbox"/>
Does the difference between practical overall production capacity and practical WGJC production capacity equal the portion of practical overall production capacity that is dedicated to the production of out-of-scope products?	<input type="checkbox"/>

Note: If your firm is not able to answer "yes" to any of the above criteria as it relates to your firm's reported capacity levels, please revise your capacity numbers to be in conformance with the appropriate definition prior to submission to the Commission.

II-6. **Share of sales.**--What percentage of your firm's total sales in its most recent fiscal year was represented by sales of WGJC? \_\_\_\_\_ percent.

II-7a. **Firm's estimated share of production in Argentina.**--Please estimate the percentage of total production of WGJC in the country specified on the certification page accounted for by your firm's production in 2021. \_\_\_\_\_ percent.

II-7b. **Firm's estimated share of country's exports.**--Please estimate the percentage of total exports to the United States of WGJC from the country specified on the certification page accounted for by your firm's exports in 2021. \_\_\_\_\_ percent.

II-8. **Third country trade actions.**--Is the WGJC exported by your firm subject to antidumping/countervailing duty/safeguard findings, remedies, or proceedings?

- II-10. **Trade data.**--Report your firm's production capacity, production, shipments, and inventories related to the production of WGJC in your establishment(s) in Argentina during the specified periods. Do not include resales of WGJC that your firm did not produce in this question; those data to the degree they are exported to the United States should only be reported in question II-11.

Do not submit data by manufacturing facility if they are in the same country. If your firm has multiple manufacturing establishments within one country, you are required to combine data for those establishments within one foreign producer questionnaire response.

Do not submit data on multiple countries combined. The establishments reported here should all be located in the country of the firm's address reported on the certification page. Multinational companies with production in multiple subject countries should submit separate foreign producer questionnaire responses for each subject country.

**"Shipments"**--Shipments of products produced in your establishment(s) in Argentina. Quantities reported should be net of returns.

**"Home market commercial shipments"**--Shipments, other than internal consumption and transfers to related firms, within Argentina.

**"Home market internal consumption/transfers to related firms"**--Shipments made to related firms in Argentina, including product consumed internally by your firm.

**"Export shipments"**--Shipments to destinations outside of Argentina, including shipments to related firms.

**"Inventories"**--Finished goods inventory, not raw materials or work-in-progress.

*Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.*

- II-14. **Other explanations.**--If your firm would like to further explain a response to a question in Part II for which a narrative box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

--

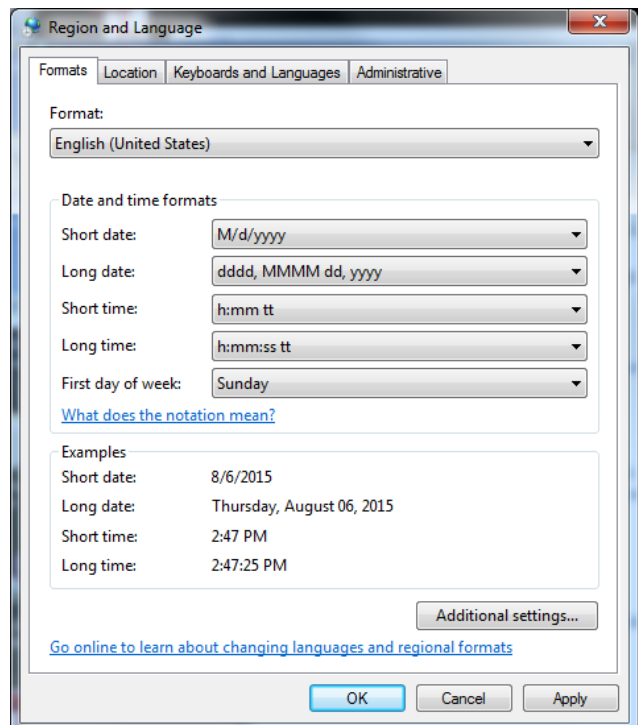

**Correcting valid number error messages.**--If you are completing this questionnaire in a country that uses periods (".") to delineate multiples of 1000 (i.e., one million would appear as \$1.000.000 instead of as \$1,000,000), you may be unable to enter in numbers greater than 999 in the numeric form fields. This issue stems from your computer's number formatting setting (i.e., not the MS Word document itself, but the computer from which you are opening up the document). In the United States commas (",") delineate multiples of 1000 and periods (".") delineate fractions less than one. Many EU and other countries use the reverse where multiples of 1000 are delineated with periods (".") and fractions less than one are delineated with commas (","). The U.S. International Trade Commission's questionnaires are set-up in the United States with the U.S. number formatting. When this formatting interacts with a computer set to EU or other country number formatting, we believe this may cause this issue.

The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete the questionnaire.

To temporarily change your computer's number settings to U.S. settings, please do the following (for Microsoft Windows Operating system):

- START
- Control Panel
- Region and Language (under Clock, Language, and Region category)
- Format tab
- Change the Format from your existing one (e.g., "Italian (Italy)") to "English (United States)" (see screen shots below)

When you do this the number "twelve million dollars and thirty five cents" would change from \$12.000.000,35 (Italy format) to \$12,000,000.35 (U.S. format), and then there will be no conflict with the USITC foreign producer questionnaire form. When you finish reporting the data then you can close the questionnaire and switch back to Italy (or your country) settings.

## HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at: [LINK](#)

***Please do not attempt to modify the format or permissions of the questionnaire document.*** Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

**Web address:** <https://dropbox.usitc.gov/oinv/>      **Pin:** **GRAPE**

- **E-mail.**—E-mail your questionnaire to [ahdia.bavari@usitc.gov](mailto:ahdia.bavari@usitc.gov); include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

**If your firm did not produce or export this product**, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

**Parties to this proceeding.**—If your firm is a party to this proceeding, you are required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1802). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7).
