CDC

this is the corrupt system that caused the death of millions of hospital patients.it failed to recognize early treatment to force people to take experimental gene therapy that caused myocarditis.we cannot countenance this old system. we need more independence for doctors in teh health systsem. usa cannot allow another debacle from fauci that was a stranglehold on america.america is in chaos from this system. it stinks.the american people do not want so much govt in their health care.it has become corrupt and criminal.it is a fat cat bureaucracy and not healthcare at all.the cdc and whitehouse shoudl be ashamed of them selves for this criminality you tried to push on america.we desperately need a new system. this agency is sneaky. this agency lies to teh usa people. this agency is trying now to mudde waters so that nobody can document the horror they brough onh america., we need fauci brough up on charges along with walensky etc. this commetn ise for the public record. the crtiminality involved here is extensive imo. this comment is for the public record. please receipt. jean publiee jeanpublic1@yahoo.com
