There is NO reason why USA northern borders are closed to unvaccinated Canadians. Everyone has the right to determine what we put into our own bodies. Covid pandemic is over according to Biden!!! IT HAS BEEN PROVEN THAT NATURAL IMMUNITY IS JUST AS GOOD OR BETTER THAN VACCINES.

Vaccinated can spread a virus just as much as the unvaxxed, which has been proven by all the vaccinated who are getting sick. Thousands of Illegal immigrants cross southern border daily unvaxxed!! How can this be fair while close family members from Canada have not seen their relatives for 3 years!!

It is disgraceful and total DISCRIMINATION against people who chose to natural immunity. This needs to END NOW!
