SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on October 17, 2022 at 87 FR 62877.

A. Overview of Information Collection

Title of Proposal: Inspector Candidate Assessment Questionnaire.

OMB Approval Number: 2577–0243.
Type of Request: Reinstatement with change of a previously approved collection.

Form Number: Form HUD 50002A and Form HUD 50002B—HFA.

Description of the Need for the Information and Proposed Use: To meet the requirements of HUD's Uniform Physical Condition Standards (UPCS), the Physical Condition of Multifamily Properties and the Public Housing Assessment System (PHAS) regulations, the Department conducts physical condition inspections of approximately 14,000 multifamily and public housing properties annually. HUD uses contract inspectors that are trained and certified

in the UPCS protocol by HUD to conduct UPCS inspections. Individuals who wish to be trained and certified UPCS by HUD are requested to electronically submit the questionnaire via the internet. The questionnaire provides HUD with basic knowledge of an individual's inspection skills and abilities.

As part of aligning REAC UPCS inspections with those conducted by state Housing Finance Agencies, state HFA staff also may fill out a form for information purposes only prior to attending the UPCS training.

Respondents: Applicants to the UPCS inspector certification program and state HFA staff.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
HUD 50002A	200	1	200	0.33	66	\$34.86	\$ 2300.76
HUD 50002B—HFA	35	1	35	0.25	9	34.86	313.74
Total Burden			235	1	75		2614.50

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

(5) Ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.

DEPARTMENT OF THE INTERIOR

Geological Survey

[GR23ZD01BNEPJ002; OMB Control Number 1028–NEW]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Angler Participation Study

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of Information Collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the U.S. Geological Survey (USGS) is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before February 2, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent

within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Comments can also be sent by mail to the U.S. Geological Survey, Information Collections Officer, 12201 Sunrise Valley Drive MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028–NEW in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this Information Collection Request (ICR), contact Lucas Bair by email at lbair@usgs.gov, or by telephone at 916–556–7362. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information

collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on February 4, 2022 (87 FR 6621). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How the agency might minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: In 2019 the National Park Service (NPS) completed a plan for non-native fish management from Glen Canyon Dam to Lees Ferry and on through Grand Canyon National Park. With public and partner input, the NPS identified specific tools for managing non-native brown trout, including an

incentivized harvest program that offers a reward to anglers for catching and harvesting brown trout. The Glen Canyon Dam Adaptive Management Program along with its science provider, the U.S. Geological Survey's Grand Canyon Monitoring and Research Center, is interested in understanding the participation of anglers in the brown trout incentivized harvest program. An online survey will be used to collect information concerning (1) trip characteristics, (2) incentive structure and (3) opinions on river management. This collection proposes to provide data that will be used to inform the ongoing incentivized harvest program.
