Thank you for your comment on the USDA Food and Nutrition Service information collection entitled *Service SNAP Applicants and Participants with Limited English Proficiency (LEP)*.

FNS takes your concerns about the possibility of undocumented non-citizens receiving public benefits seriously. Hopefully, you will be encouraged to know that undocumented non-citizens have never been eligible for SNAP benefits (see <https://www.fns.usda.gov/snap/eligibility/non-citizen-eligibility>). If you have any evidence of undocumented non-citizens receiving SNAP benefits, please report so to your State SNAP agency.

Best,
