Exemption Notification: IRB #2059

To: Maria Boyle
Institution: Mathematica
From: HML IRB
Subject: Protocol #2059
Date: 06/27/2022

Dear Maria Boyle, MS,

The protocol **Serving Supplemental Nutrition Assistance Program Applicants and Participants with Limited English Proficiency, 2059** was assessed through an exemption from on-going review by HML Institutional Review Board. This study's human subjects' protection protocols, as stated in the materials submitted, received IRB exemption from ongoing review in accordance with the requirements of the US Code of Federal Regulations for the Protection of Human Subjects, 45CFR46.104(2) on 06/27/2022.

The approval is valid for the duration of the study. We ask that you notify us in a timely fashion when your study has been completed and can be closed out. To be in compliance with 45CFR46, please notify HML IRB of any changes in this study's human protection protocols by submitting an amendment to the protocol prior to implementing any changes. For instructions on how to manage an approved study refer to: [How to Manage an Approved Study](#).

HML IRB is authorized by the U.S. Department of Health and Human Services, Office of Human Research Protections (IRB #00001211, IORG #0000850), and has DHHS Federal-Wide Assurance approval (FWA #00001102).

If you have any questions, please contact us at info@hmlirb.com.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Anderson".
