Re: Response to FNS-2022-0014

Dear Ms. Wallace and Ms. Montague,

Thank you for your letter dated June 27, 2022 (received July 6, 2022) in response to the Federal Register Notice for Agency Information collection Activities: Produce Safety University (PSU) Nomination and Course Evaluation.

USDA's Food and Nutrition Service (FNS) recognizes that SNA plays a critical role in supporting high-quality, low-cost meals to students across the country. In addition, SNA is invaluable as an authority on school nutrition, and contributing to school nutrition programs' success in advancing availability, quality, and acceptance of school meals.

FNS is proud to offer PSU annually to support produce safety in FNS programs, and we value your feedback as we work to consider how to navigate the time constraints associated with the professional responsibilities of our audience.

Again, thank you for your letter. Please share a copy of this letter with your colleagues.

Sincerely,

Charlsia Fortner  
Branch Chief, Food Safety Branch  
Food Safety and Nutrition Division  
USDA Food and Nutrition Service
